WHEREAS, to be a party of and by the people, the Liberal Party of the Philippines (the Party) must capture the imagination of our fellow Filipinos and make them take part in building a people's party;

WHEREAS, as we look back at our history and from our conversations with the people, there is a need to reaffirm the fundamental values that guide our thoughts, statements, and actions as Filipino liberals, and to clarify the motivation behind the party's positions on various issues that our country faces;

WHEREAS, these same values are shared by Filipino liberals with a great majority of the Filipino people, and by continuously communicating our party principles and platforms through the language of shared values, we will be able to more effectively inspire the people to action;

WHEREAS, in order for the Party to inspire people into action, it must be able to continuously improve how it communicates its vision and mission, always considering the broader context of the times;

WHEREAS, in engaging with our people, party members should be guided by a code of conduct that best represents a Filipino Liberal, in order to earn the people's trust;

WHEREAS, the Party will only be successful if its leaders and members are aligned with its strategic goals;

WHEREAS, following a series of consultations, workshops, and meetings, the Party National Board, in September 2018, adopted the *Values Charter* and its restated vision, mission, code of conduct, and goals, collectively known as the *Liberal Party Declaration of 2018*;

NOW THEREFORE, BE IT RESOLVED, that we, the undersigned members, after having been duly called and assembled as the National Executive Council, hereby ratify and adopt the attached *Liberal Party Values Charter and Declaration of 2018*.
